

Professional Experience of Emily Norris:

My ten years of interior design experience cover the diverse areas of: Kitchen Design, Bathroom Design, Custom Furniture Design and Specification, Architectural Finish Selection, Commercial and Residential Design, Construction Documentation and Budgeting.

My goal throughout the design process is to meet and exceed my client's expectations while being innovative, artistic, and reliable. My clients remember me most for being responsive, a good listener, and an inspirational designer. My personal goal is to be the best in every possible facet of life.

I hold a Bachelors of Fine Arts, majoring in Interior Design from the Illinois Institute of Art (Chicago). I received my NCIDQ certification (#204030) & Illinois license (#161-003143) in the spring of 2004. I am also a member of ASID & NKBA.
